Mission Trip
March 17 - March 22, 2025

→ Jesus People

Discover a vibrant community at Jesus People, where over 200 individuals live together in a 10-story building, united by a mission to support one another and those in need. This dynamic environment has fostered a campus-like atmosphere, where discipleship and personal growth are woven into daily life. In addition to launching small businesses to fund outreach efforts, these enterprises serve as missions in themselves, providing purpose and connection. They then created Cornerstone Community Outreach which is dedicated to offering shelter and finding homes for Chicago families and individuals experiencing homelessness, ensuring that everyone has access to housing, food, and dignity. Join us in this transformative journey, where every person is valued and empowered.

Be a part of God's work in another city.

and you'll never be the same!
